

Food Delivery Partnership Ending March 29th

On **March 29th**, the food delivery partnership consisting of Valley Outreach, Open Cupboard, and White Bear Lake Area Food Shelf will end.

While we are sad to see this collaboration end, we learned a lot that will inform our next steps as we come up with new approaches to serve the community better.

Each of these food shelves has multiple ways to get food, including curbside pick-up.

What this means for me: There will be no deliveries under the current system after **March 29th**.

Will there be another delivery program?: Each food shelf is taking time to look into the possibility of creating their own delivery program. We will provide more information closer to **March 29th**.

El Programa de Asociación de Entrega de Alimentos Finaliza el 29 de Marzo

El 29 de marzo finalizará la asociación de entrega de alimentos formada por las estanterías de Valley Outreach, Open Cupboard y White Bear Lake.

Sentimos mucho ver el fin de esta colaboración, pero nos enfocaremos en nuestros próximos pasos a medida que ideamos nuevas maneras para brindar un mejor servicio a nuestra comunidad.

Cada estantería de alimentos tiene múltiples formas de conseguir alimentos, incluido poder recoger en la acera.

Qué significa esto para mí: con el sistema actual no habrá entregas después **del 29 de marzo**.

¿Habrá otro programa de domicilio?: Cada estante de alimentos se está tomando un tiempo para analizar la posibilidad de crear su propio programa de domicilio. Proporcionaremos más información hasta **el 29 de marzo**.
